The Supplier represents and warrants that it:

(i) has a data breach response plan which complies with the Office of the Information Commissioner's current guidelines, including a mechanism to notify Daimler Truck Entity where there is or there are reasonable grounds to suspect a data breach and outlines any remedial action that will be taken in accordance with the law. 35. GENERAL CLAUSES:

(b) Governing law: These T&Cs and the PO are governed by the laws of the State of Victoria, and each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of Victoria.

(c) Compliance with laws: each Party within the framework of its commercial dealings with the other, is obliged to desist from all practices which may lead to penal liability due to fraud or embezzlement, insolvency crimes, crimes in violation of competition, guaranteeing advantages, bribery, acceptance of bribes or other corruption crimes on the part of persons employed by their organisation or other third parties. In the event of violation of the above by a Party, the other Party has the right to immediately withdraw from or terminate all legal transactions existing with the other Party and the right to cancel all negotiations. The above notwithstanding, each Party is obliged to adhere to all laws and regulations applicable to both itself and the commercial relationship with

the other Party.

(d) Modern Slavery, child and forced labour: Subject to this clause, each Party will not directly or indirectly employ or make use of any children. Each Party will not use any forced labour, which means any work or service performed involuntarily under threat of penalty. The Parties will comply with the minimum employment age limit defined by national law or by International Labor Organization (“ILO”) Convention 138, whichever is higher. The ILO Convention 138 minimum employment age is the local mandatory schooling age, but not less than 15 years of age (14 in certain developing countries), subject to exceptions allowed by the ILO and national law. If the Supplier's employees are working in facilities that are manufacturing or packaging Daimler Truck Entity, DT AG or Daimler Truck related companies' finished products, serving as temporary employees to Daimler Truck Entity, or present at Daimler Truck Entity facilities, then these employees will be at least 15 years of age (and no exceptions allowed by the ILO or national law will apply).

Each Party represents and warrants that:

- (i) it will not engage in Modern Slavery in performing the Services;
- (ii) it does not procure goods or services from organisations that engage in, or are reasonably believed to engage in, Modern Slavery;
- (iii) it will implement appropriate measures to continuously identify, assess and address risks of Modern Slavery in its supply chains,
- (iv) it will promptly notify the other Party if it becomes aware of suspected or actual Modern Slavery in its supply chains, in which case the Contractor will take all reasonable steps to properly assess and address the actual or suspected Modern Slavery to the other Party's reasonable satisfaction, and
- (v) it will place substantially similar contractual obligations to (i), (ii) and (iii) above on its suppliers and subcontractors.

(e) Audit rights: Daimler Truck Entity or its representatives may audit the Supplier's records related to this Agreement with reasonable prior written notice during the Supplier's regular business hours during the term of this Agreement. Upon receipt of such notice from Daimler Truck Entity, the Supplier will cooperate and provide Daimler Truck Entity access to its records for review and copying. If the audit discloses any overcharging in breach of this Agreement, the Supplier will pay Daimler Truck Entity any overcharges and Daimler Truck Entity may require that the Supplier reimburse Daimler Truck Entity's reasonable audit costs within 30 days after the date of Daimler Truck Entity's invoice after completion of the audit. Daimler Truck Entity will take all reasonable steps to maintain the confidentiality of the audited records. If the Supplier refuses Daimler Truck Entity's reasonable request to audit its records, Daimler Truck Entity may withhold payment until the Supplier complies with such request. The representatives nominated by Daimler Truck Entity may include employees or officers of Daimler Truck Entity or its Affiliates or auditors (whether internal or external) of Daimler Truck Entity or its Affiliates.

(f) Dual signature: Daimler Truck Entity hereby places the Supplier on notice that Daimler Truck Entity policy mandates that all Daimler Truck Entity written communications must be signed or countersigned by two signatories, one of which must be either a company director, company secretary, senior executive, dealer principal or lawyer (“**Signing Authority**”). The Signing Authority applies to Daimler Truck Entity's written correspondence and e-mail communications. To the full extent permitted by law, the Supplier must not rely upon and Daimler Truck Entity will not be bound by any written communication to the Supplier which does not comply with the Signing Authority.

(g) Variations: Any alteration or amendment to the PO or these T&Cs must be agreed by both parties in writing in order to be effective. The parties agree that any terms and conditions endorsed on any order confirmation, delivery note, docket, invoice or other document produced by the Supplier are expressly negated and do not form part of the PO or these T&Cs, and do not apply to the delivery of Goods or Services.

(h) Waiver: A waiver is not effective unless it is in writing. A party's failure or delay to exercise a power or right that it has under the PO or these T&Cs, does not operate as a waiver of that power or right. A party does

not by granting an indulgence, allowing any time, or exercising any right or remedy arising out of any default/s by the other waive its rights or remedies under these T&Cs.

(i) Subcontracting: The Supplier must not use subcontractors for the supply of Goods or Services without Daimler Truck Entity's prior written consent, which may be withheld in Daimler Truck Entity's discretion. If the Supplier uses a subcontractor, the Supplier agrees to be liable for the subcontractor's acts, negligence and omissions (including its performance or lack thereof) as if they were the acts, negligence or omissions of the Supplier. No subcontractor will have any rights under the Agreement against Daimler Truck Entity or be entitled to receive any payment under the Agreement from Daimler Truck Entity. If at any time Daimler Truck Entity reasonably considers that the performance or conduct of a subcontractor is unsatisfactory, Daimler Truck Entity will have the right to require the Supplier to replace any such subcontractor and the Supplier in such circumstances will promptly do so as is reasonably practicable in the circumstances.

(j) Relationship: The Supplier is an independent Supplier. Nothing in these T&Cs or the PO creates a partnership, agency or employment relationship between the parties. The Supplier may not advertise this business relationship except with the prior written consent of Daimler Truck Entity.

(k) Severance: If any clause in these T&Cs is invalid, illegal or unenforceable, that clause must be read down to the extent necessary to ensure that it is not illegal, invalid, or unenforceable. If it is not possible to read down a clause, that clause will be severed to the extent necessary without affecting the validity or enforceability of the remaining part of that clause or the other clauses in these T&Cs, and the rest of these T&Cs remain in full force and effect.

(l) Assignment: The Supplier may not assign or transfer any of its rights or obligations under the PO or these T&Cs except with the prior written consent of Daimler Truck Entity, which consent must not be unreasonably withheld. Daimler Truck Entity may assign its rights and obligations under this Agreement on written notice to the Supplier.

(m) Ongoing obligations: Termination or expiry of these T&Cs does not relieve any party from that party's obligations that are expressed to or by their nature are intended to survive expiry or termination.

(n) Effecting PO and T&Cs: Each party must promptly at its own cost do all things (including executing and if necessary delivering all documents) necessary or desirable to give full effect to the PO and these T&Cs.

(o) No representations: Each party has accepted the PO, these T&Cs and the Agreement without relying on any representation (whether or not negligently) by any other party or any person purporting to represent that other party.

(p) No public announcement: The Supplier must not make any public announcement or provide any information to the public or media in relation to the Agreement, the termination of the Agreement, or its relationship to Daimler Truck Entity unless it first obtains Daimler Truck Entity's written consent.

(q) Order of precedence: If there is any discrepancy or inconsistency between the documents forming part of the Agreement then the following order of precedence shall where possible be used to resolve such conflict:

1. A PO and accompanying Special Conditions (including any Schedules and/or Annexures) attached to the PO issued by Daimler Truck Entity relating to the Goods or Services during the Term,
2. These T&Cs,
3. Any other documents or information incorporated by reference into the Agreement.

(r) Agreement to be interpreted in accordance with clear commercial purposes: The Agreement is to be interpreted in accordance with its clear commercial purposes. It is not to be read literally if that would produce a result clearly contrary to those purposes.

(s) Exclusion of Sale of Goods Act: The applicable of the *Sale of Goods (Vienna Convention) Act 1987* (Vic) is excluded.

(t) Notice: A notice or other communication connected with the PO or these T&Cs (**Notice**) has no legal effect unless it is in writing. In addition to any other method of good provided by law, the Notice may be sent by prepaid post to, or delivered at, the address of the addressee set out in this Contract or subsequently notified. The Supplier acknowledges and agrees that the Daimler Truck Entity may rely upon any written notice and/or updated information submitted through the Supplier Database portal, issued by a representative of the Supplier providing notification of a change to the Supplier's representative, address, bank account details or other particulars, unless the Daimler Truck Entity was expressly notified or ought to have reasonably been aware that such notification was not authorised to be provided, having regard to the form or circumstances in which the updated information was provided. If the Notice is sent or delivered in a manner provided by this clause, it must be treated as given to and received by the party to which it is addressed:

- (i) if sent by post within Australia, on the 4th Business Day (at the address to which it is posted) after posting; or
- (ii) if otherwise delivered before 5pm on a Business Day at the place of delivery, upon delivery, and otherwise on the next Business Day at the place of delivery.

(u) Records Retention: Each Party must keep full records and documentation in relation to the supply of the Goods and/or Services in hard copy or reasonably accessible and readable electronic form. Each Party must do so during the term of the Agreement and for 7 years after the Agreement ends. On request by one Party, the other Party must make all documents and records relating to the supply of the Goods and/or Services available to the requesting Party for inspection.

36. ELECTRONIC SIGNATURES:

This Agreement may be validly executed in counterparts by each Party applying or affixing an Electronic Signature and the parties agree that both counterparts shall together be deemed to constitute one and the same instrument.

Both parties expressly consent to the Agreement being executed via Electronic Signatures.

By applying or affixing an Electronic Signature to this Agreement, the applying or affixing Party:

- (a) Represents and warrants to the other Party that:
 - (i) the Electronic Signature being applied or affixed to the Agreement is the Electronic Signature of the authorised signatory of the Party named in the Agreement;
 - (ii) the authorised signatory has the express authority and capacity to execute the Agreement using the Electronic Signature and that the Electronic Signature is capable of binding that Party;
- (b) Acknowledges and agrees that the affixing or applying of the Party's Electronic Signature to the Agreement:
 - (i) is a representation to the other Party of its intention to be bound by the Agreement;
 - (ii) shall have the same legal validity and enforceability as an original signature manually applied or a paper-based record and shall be effective to bind such a Party to this Agreement to the fullest extent permitted by applicable law.

A Party must, upon request, supply to the other Party evidence to support the authentication and validity of its Electronic Signature.

"**Electronic Signature**" means a visible representation of an authorised signatory of a Party's name or mark, affixed to this Agreement using a certificate-based digital ID issued by an accredited Certificate Authority (CA) or Trust Service Provider (TSP).
